

K-12 Device Buyback Program

Stretch Your Tech Budget Further with Premier Wireless

Got Old Devices? Let's Turn Them into New Budget Dollars

Premier Wireless is here to help your district get the highest return for your old equipment. And we've made it easy as 1-2-3.

How It Works:

1

Request a Quote

2

Ship Your Devices – We'll provide pre-paid labels

3

Get Paid – Choose cash or account credit!

Why Choose Account Credit?

Maximize your budget and stretch your dollars further. By choosing account credit, you ensure every penny stays in your technology budget and gets reinvested directly into your department. Plus, we'll give you an added 10% bonus, making your old devices go even further toward funding the new equipment you need—delivering more value and impact where it matters most.

That means more buying power, and a guarantee that your funds stay in tech, not rolled into general funds.

Devices We Buy Back:

iPads | MacBooks | MacBook Pro | Chromebooks | Laptops | Desktops | Phones | Tablets

Why Districts Choose Us:

- ✓ Top dollar paid for Apple, Chromebook, Android & Windows devices
- ✓ Free prepaid shipping + provisioning services
- ✓ Student data privacy certificates provided
- ✓ 10% bonus when you choose credit instead of cash
- ✓ Credit keeps funds in your tech budget – not the general fund

Start maximizing your device value today!
